Every pizza ordered has the potential to be a totally unique creation, and this nutritional guide reflects that range of possibilities. Nutritional information is provided for each of the elements that go into a pizza: what size pizza, what type of crust, sauce, toppings. When you create your own pizza, to see the total picture of what you are ordering, add together the numbers for each element from these charts. For Feast Pizzas and side items, there is no need to add; the ranges for these items are the total. *** Limited availability. Check with your local store.
